Graphical Presentation of Students Satisfaction Survey 2018-2019

Interpretation:

Majority of the students were aware of various programs conducted in the campus, they are satisfied with the syllabus coverage and academic inputs given by the faculty etc. They are also satisfied with the activities going on in the campus. The overall average response indicated that the students are satisfied with the present activities and policies. Faculty identifies the slow learners and mentors them, student centric methods are adopted and usage of ICT is increased.
